

# FOPL

## Friends of Penketh Library

### Green Action Plan

#### Aims

Climate change and rising energy costs will affect us all. FOPL takes it's green responsibilities seriously and will continue to develop our sustainable Green Action Plan. This will enable us to reduce our use of energy, travel and other resources.

Most of the FOPL activities take place within Penketh Library and responsibility for the building's green credentials lies with the Library Service. However as users of the building we can still play our part by adopting the measures in this green action plan.

\*Please check with Library Staff before making any changes to library equipment.

#### Plan

Theme	Action	By when	By whom
Energy	Switch off lighting or appliances where this is appropriate.*	Ongoing	All members
Travel	Arrange lift shares or walk to our meetings or activities.	Ongoing	All members
Resources	Ensure all printing is double sided.  Use recycled paper and materials.	Ongoing	All members

*This plan will be reviewed at least every 2 years.*
